

A place Whittemore doesn't have yet

Our area has few places for young people to play, for neighbors to share a meal, or for people in recovery to find support. Whittemore Baptist Church is building one, and we plan to open it to our community.

Planned community uses

- **Open gym and youth recreation**, in a full-size multipurpose room
- **Community meals** from a new kitchen, and a warm place to gather in winter
- **Recovery support**, including our Bridge to Recovery ministry
- **Meeting space** for local groups, classes and events
